

Small Fishing Pole

LIST OF MATERIALS

- Four-inch bamboo skewer
- One black plastic tube bead
- 3 small silver beads
- 2 wooden beads
- 1 earring back post
- 2 wood discs
- 24 inches of white thread
- Wire or wire fishing hook
- Red and black markers
- Tacky glue and scissors

ASSEMBLE YOUR SMALL FISHING POLE

1. Glue black plastic bead on to the end of the bamboo skewer.
2. Draw thin bands of red and black around the bamboo skewer one inch apart.
3. Glue one silver bead on each of the red bands and allow to dry.
4. Glue one wood disc and one wood bead to the flat part of the earring post.
5. Drill or make a hole in the center of the second wood disc.
6. Add to the wood bead and slide the second disc a hole onto the earring post.
7. Glue the earring post to the skewer.
8. Glue the remaining wood bead onto the earring post and glue in the bent wire into the bead to form the handle of the reel.
9. Tie one end of your thread around the bead at the center of the reel.
10. Gently thread the string through the three silver beads.
11. Tie the hook to the end of the thread and trim any excess thread.
